The Quick4® Equalizer® 24 HD Chamber

The MultiPort End Cap Offers These Unique Benefits:
- Tear-out seals on inlet ports provide a tight fit to the pipe
- Six molded-in inlets/outlets allow for maximum piping flexibility
- Multiple ports eliminate pipe fittings and make looping ends easy
- MultiPort end cap fits on either end of the Quick4 Equalizer 24 HD Chamber

Note: The Quick4 Equalizer 24 HD Chamber has the same dimensions and storage capacity as Quick4 Equalizer 24 chamber.

Storage Capacity ..........................20.8 gal (79 L)
Invert Height ................................6” (15 cm)
9” (23 cm) & 10” (25 cm) with invert adapter

INTEGRATOR WATER TECHNOLOGIES STANDARD LIMITED WARRANTY
(a) The structural integrity of each chamber, end cap and other accessory manufactured by Infiltrator (“Units”), when installed and operated in a leachfield of an onsite septic system in accordance with Infiltrator’s instructions, is warranted to the original purchaser (“Holder”) against defective materials and workmanship for one year from the date that the applicable permit is issued for the septic system containing the Units, provided, however, that if a septic permit is not required by applicable law, the warranty period will begin upon the date that installation of the septic system commences. In the event that the Holder fails to notify Infiltrator of a defect or failure in writing, Infiltrator shall not be obligated to provide replacement Units under this warranty.
(b) To exercise its warranty rights, Holder must notify Infiltrator in writing at its Corporate Headquarters in Old Saybrook, Connecticut within fifteen (15) days of the alleged defect. Infiltrator will supply replacement Units for Units determined by Infiltrator to be covered by this Limited Warranty. Infiltrator’s liability specifically excludes the cost of removal and/or installation of the Units.
(c) The Limited Warranty and remedies in subparagraph (a) are exclusive. There are no other warranties with respect to the Units, including no implied warranties of merchantability or fitness for a particular purpose.
(d) This Limited Warranty shall be void if any part of the chamber system is manufactured by anyone other than Infiltrator. The Limited Warranty does not extend to incidental, consequential, special or indirect damages. Infiltrator shall not be liable for penalties or liquidated damages, including loss of production and profits, labor and materials, overhead costs, or other losses or expenses incurred by the Holder or any third party. Specifically excluded from Limited Warranty coverage are damage to the Units due to ordinary wear and tear, accident, misuse, abuse or neglect of the Units, the Units being subjected to vehicle traffic or other conditions which are not permitted by the installation instructions, failure to maintain the minimum ground covers set forth in the installation instructions, the placement of improper materials into the system containing the Units, failure of the Units or the septic system due to improper sizing, excessive water usage, improper grease disposal, or improper operation; or any other event not caused by Infiltrator. This Limited Warranty shall be void if the Holder fails to comply with all of the terms set forth in this Limited Warranty.
(e) No representative of Infiltrator has the authority to change or extend this Limited Warranty. No warranty applies to any party other than the original Holder.

The above represents the Standard Limited Warranty offered by Infiltrator. A limited number of states and counties have different warranty requirements. Any purchaser of Units should contact Infiltrator’s Corporate Headquarters in Old Saybrook, Connecticut prior to such purchase, to obtain a copy of the applicable warranty, and should carefully read that warranty prior to the purchase of Units.
