The EZsnap riser is designed to create an easy-to-assemble watertight riser system for septic tanks, pump tanks, and cisterns.

The EZsnap riser features click and lock technology eliminating the need for assembly tools, sealant/caulk and hardware. Easily cast into precast structures providing a secure watertight fit. The 24” diameter EZsnap riser is available in 2”, 6” and 12” tall sections that nest together making for efficient storage and shipping.
